

## On This Side Of The Sun

By Phat

**COMPENSATIONS** — They taught us in high school, if I remember rightly after all these years, that nature is static. Anyway, that there is no gain without a corresponding loss some place. At the court house in Riverside they are setting a new record in issuing marriage licenses. In the same building, a new high mark in divorces granted and sought is also being established. . . . At the same time the theory doesn't seem to apply in the case of a Villager who said the other day: "I just can't see why, when I drink one pint of beer, I sweat two quarts." . . . Get a good can opener and keep it handy. The WPB has stopped the manufacture of those little keys with which cans can be opened neatly.

**EQUAL RIGHTS** — Two members of the WAAC, now in Palm Springs seeking recruits say they are having trouble in getting them. A Navy recruiting officer, here to check up on several women who recently asked for information on the WAVES said the inquiries were apparently made in idle curiosity, they were not interested in putting their Jane Henrys on the dotted line now. I can't see why, since women vote, do men's work, get men's pay and have all of the privileges of the former sterner sex, why they shouldn't share the disadvantages, too. In other words, they draft boys and men for the military forces, why not girls and women for the auxiliary branches? Eleanor had better think that one over. . . . In the meantime, I suppose no woman here will speak to me now.

**HOLIDAYS** — Monday was Flag Day — the Army posts, fire station, post office and one or two business houses which fly the flag EVERY day, displayed the flag. Outside of that, well, there was nothing at all outside of that June 14 was just June 14 to most Villagers. . . . Next Sunday is Father's Day. It's a good thing neckties aren't rationed. But that probably won't mean a thing here where neckties are as scarce as optimists in Italy. . . . It's too bad Hitler can't qualify as a father. There are a lot of people who would like to give him a necktie — a nice yellow one, woven of strands of hemp, preferably rough so it would scratch, too, with the knot right under the chin. . . . And what an excellent chin Benito has for that knot! . . . I know a woman who would swap Father's and Mother's Days. She said it isn't fair — Father's Day is several minutes longer than Mother's. In fact, it's next to the longest day in the year.

**THE LAW** — Remember when you paste that yellow use tax sticker for the new fiscal year on your windshield, to stick it down in the lower right hand corner. That's the state law. That's so your vision won't be obscured. With gas rationing stickers, use tax stickers and the state planning to adopt license stickers for windshields, drivers may have to cut holes in the roof to poke their heads through to see where they are driving. . . . When the New Deal celebrated Jefferson Day recently, not a speaker quoted that great democrat's views on regimentation: "Were we to be directed from Washington when to sow and when to reap, we should soon want for bread." Well?

**WAACS AND WAAC** — When you speak of the Woman's Auxiliary Army Corps — or maybe that should be Woman's Army Auxiliary Corps — you should say WAAC, never WAACS — but when you speak of the individual members of the WAAC, you may call them WAACS. A pretty WAAC called me down for asking. (Continued on page Four)

## Chief Leonasio to Train Extra Crew For Control Room

Upon recommendation of Fire Chief Bill Leonasio, city council Wednesday night authorized the appointment of extra volunteer firemen to bring the local crew to a strength of 20 men.

Chief Leonasio's plan is to train these extra volunteers in the duties of the control room at the fire station where they will assume charge of that important communications center in the event of an air raid alarm.

The chief also asked that proper badges and identification cards be issued the new men. Council also agreed to this but if badges are not obtainable, will ask that a suitable, distinctive arm band be substituted for the badges.

## Plane Crash Is Fatal to Local Flyer

Lt. D. O. Ullrich,  
Recently Married,  
Killed in Utah

First Lieutenant Dellie O. Ullrich, 23, of this city, was fatally injured Tuesday when his plane crashed at the Municipal Airport in Delta, Utah, while attempting a landing after a routine flight.

The young pilot, well known here and one of the veterans of the local army air field, joined the Palm Springs unit of the Ferrying Division, Air Transport Command, almost a year ago.

### RECENTLY WED

The lieutenant is survived by his bride of only a few weeks, the former Lt. Loretta Marie Knipfer of 1411 Pilon Court, Two Rivers, Wisc., and now serving as a commissioned nurse at the Torney General Hospital here. The young couple were married in Yuma, Arizona, early in May.

Lt. Ullrich attended Blinn College where he was active in sports and was a Washington County, Texas, elementary school teacher before being commissioned as a pilot in January, 1942. He was promoted to the rank of first lieutenant on November 6, 1942.

### INVESTIGATE CRASH

In addition to his wife, the lieutenant is survived by his father, Mr. Kinley A. Ullrich of 615-65th St., Houston, Texas, and his mother, Mrs. Kinley A. Ullrich of 1211 W. 5th St., Brenham, Texas.

A board of qualified Air Force officers has been appointed to determine the exact cause of the accident, according to Lt. Col. Andrew B. Cannon, commanding officer of the 21st Ferrying Group, Ferrying Division, Air Transport Command at Palm Springs.

## Palm Springs Girl Painfully Injured In Riding Mishap

Suzanne Watson, 8-year-old daughter of Mr. and Mrs. Frederick Watson of the Indianola, was recovering today at the Watson's summer home in Riverside from the effects of a painful accident last Friday when she was thrown from a horse at Riverside.

The frightened animal stepped on the child's face, inflicting severe wounds.

Following a stay at the hospital there she was taken home where she is now under the care of her mother.

## City Attorney Now Partner in Noted County Legal Firm

City Attorney Roy W. Colegate who, in private practice, long has been identified with the law firm of Sarau and Thompson, Riverside, was justly proud this week that on and after July 1 he will be a full partner in the firm.

The law firm is one of the best known in the southland and has been active for the past quarter century in Riverside county.

## Clouds of Smoke— But No Fire When Department Arrives

Clouds of smoke which billowed from the door of the Waikiki cafe at 319 North Palm Canyon drive resulted in a call to the fire department, one half block north, but it developed that an electrician, and not firemen, was needed.

The clouds of smoke greeted Mrs. Alice C. Parry, agent for Joe Felix, owner, when she unlocked the cafe for an employee. Mrs. Parry at once called the fire department which came equipped to fight the blaze.

But there was only smoke—no fire—and it came from an overheated refrigerator motor.

Police Chief Lyle J. Sanard was in Riverside Wednesday and Thursday attending important conferences of peace authorities.

**JOIN THE WAAC!**—Two recruiting officers for the WAAC are now on the job in Palm Springs and will be until a week from today at the Palm Springs theater afternoons and at the Plaza evenings. Right is Sgt. Mildred Wilson, left Cpl. Minnie Padula.

## WAAC Drive Opens Here

## High School Year Ended

Two Recruiting  
Officers Here  
For Two Weeks

Board in Final  
Session Plans  
For Coming Year

As part of a drive throughout the southland to recruit 3000 women for the skirted army by June 30, out of the district between San Luis Obispo on the north and Chula Vista on the south, two charming members of the WAAC arrived in Palm Springs Monday of this week and will remain until a week from tonight.

They are Sergeant Mildred Wilson and Corporal Minnie Padula and, through the courtesy of Earl Strebe, have made their recruiting headquarters at the Palm Springs and the Plaza theaters.

### AT DEL TAHQUITZ

Sgt. Wilson and Cpl. Padula are staying at the Del Tahquitz hotel while in the Village. They are at the Palm Springs theater

### MAYOR'S PROCLAMATION

"Whereas, the president of the United States has issued a call for women of the nation to join the Woman's Auxiliary Army Corps, and

"Whereas, women between the ages of 21 and 45 who are eligible to join the WAAC, by so joining will relieve a man soldier for duty on the fighting front, thus aiding in speeding the end of the war,

"Therefore I proclaim the week of June 18 to June 25 as WAAC week in Palm Springs and urge the fullest support be given the WAAC recruiting officers now stationed in Palm Springs."

(Signed) Mayor F. V. Shannon  
Palm Springs,  
June 18, 1943.

every afternoon from 1:30 to 3:30 and will be until the evening of June 26 and are at the Plaza theater every evening from 6:30 to 9:30, to give information and to take applications of Village women who would join the WAAC and thus relieve a man soldier for combat duty.

While the southland's quota in the recruiting drive has been set at 3,000, the national quota is 90,000.

### FROM 21 TO 45

Women between the ages of 21 and 45, who are in good health, who have no dependents, are not in defense work and who have had two years of high school education or its equivalent, are needed by the WAAC. All women (Continued on Page Five)

## Tramway Drive Will Be Continued

Attorney Lockwood  
Addresses C. of C.  
Directors on Issue

"While naturally Palm Springs is very much disappointed over the fate of the Aerial Tramway bill, we are not giving up and because of the progress made in this last session of the legislature and because of the good will gained for the project, both in the legislature and throughout the southland, we believe that the Tramway still will be available as a postwar construction project and as a great tourist attraction."

That was the opinion expressed by Attorney Henry Lockwood, who represented the Tramway committee of the Chamber of Commerce in the recent campaign which terminated with the measure suffered a pocket veto a week ago Wednesday.

### CONSIDER NEXT MOVE

Directors of the Chamber of Commerce met Wednesday at the De Tahquitz hotel to consider the next steps to be taken in the effort to obtain the project and to hear Mr. Lockwood's report.

The attorney reported that the measure was approved by the assembly, where it was introduced by Assemblyman Nelson Dilworth by a vote of 55 to 5 and in the senate by a vote of 28 to 2.

Then it went to the governor's office where it remained unsigned while the deadline for signing measures passed.

### AWAITS LETTER

Until he receives a letter from the governor's office outlining the chief executive's reasons for allowing the measure to die, he has no comment to make on the veto, Attorney Lockwood said.

There have been plenty of rumors but no official explanation from the governor, he said, and in fairness to the latter, comment should be withheld.

### AT SPECIAL SESSION

If the governor allowed the bill to lapse because of a misunderstanding, this then could be straightened out. A new bill could be drawn to meet valid objections of the executive, he pointed out.

Mr. Lockwood said that efforts would now be made to have the Tramway bill placed on the agenda for the special session of the legislature which will probably be called for next January.

### POST WAR PROJECT

He pointed out that this session will probably be devoted to postwar construction projects and that the Tramway project is essentially such a one.

He said that there was still time (Continued on Page Five)

**NEW LEADER HERE**—Desert co-ed activities received a glimpse into the future recently when Mrs. Marguerite Van Derwerker, on the left, head of the Sun and Sand Caravan of USO Mobile Service, met with Mrs. Eloise Sterling Hirt, on the right, newly appointed director of the Palm Springs USO Club, to discuss plans for forthcoming USO events. (Frank Partridge Photo)

## New USO Head Walk Washing Assumes Duties Law Revision At Office Here Believed Near

BY GAIL SOLLENDER

Bringing with her a commendable record of past achievement as director of the Merced USO Club and the Tacoma USO Club, Mrs. Eloise Sterling Hirt, new head of the Palm Springs USO, was welcomed to the local community last week by Mrs. Marguerite Van Derwerker, head of the Sun and Sand Caravan of USO Mobile Service, and Mrs. Marguerite Hogue, temporary director of the club, who introduced Mrs. Hirt to the desert program and discussing joint plans with her for furthering USO activities in the desert area.

Mrs. Hirt will be working in close conjunction with Mrs. Van Derwerker who has organized and developed the Sun and Sand Caravan of USO Mobile Service.

### STEP UP ACTIVITIES

Together they hope to lay plans for an ever-increasing co-ed program on the desert, which will include recreational events as well as dances. Mrs. Van Derwerker, through her experiences as director of both the Long Beach and the Santa Ana USO Clubs, has outlined an intensive schedule for the Sun and Sand Caravan during the summer months. By (Continued on Page Five)

## Naval Recruiting Officer in Village On Business Visit

Russell Mort, recruiting specialist for the U. S. Navy, was in Palm Springs yesterday in the interest of recruiting women for the WAVES, youth of 17 for the Navy and men, if they are from 17 to 50, for the Seabees.

Mr. Mort said that men of draft age could join the navy as voluntary inductees.

He is stationed at Riverside and said that a complete recruiting outfit, including medical staffs and every detail necessary to pass one from civilian life into the navy as a full-fledged recruit, would be at Riverside June 22. This will be for WAVES as well as the navy.

A Seabee recruiting outfit will be in Riverside June 30.

The controversial sidewalk washing ordinance, No. 131 on the city books, came up for another airing at city council meeting Wednesday night when Councilman Frank W. Cutler proposed three amendments to the measure. No action was taken by council, however, as Mayor F. V. Shannon explained that by the time of the next meeting, definite steps will have been taken to build a drain to eliminate the pool at Arenas road and Palm Canyon drive, formed by accumulation of water from the business district to the north.

When an adequate drain has been constructed, need for the ordinance will be greatly lessened and revision is probable.

### CHANGES PROPOSED

Councilman Cutler's amendments would retain the section prohibiting the excess irrigation water into gutters but would change other sections to permit washing of sidewalks between the hours of 7 and 8 a. m. only and (Continued on Page Five)

## Don't Throw Away Old A Book Cover, Lippman's Warning

Save your "A" book covers! If you toss them away when all of the coupons are gone, you may have difficulty in getting a new "A" book, William A. Lippman, local rationing chief, warned. The present one expires on July 21 when the Number 6 gasoline coupons become invalid.

Samuel Leask, Jr., southland OPA director, said that the "A" book cover, properly endorsed, must be turned in when applications are made for the new "A" book, in July.

Application forms for the new "A" books may be obtained at southern California gasoline service stations after June 26.

These forms must be properly filled out and mailed, or taken in person, to the local rationing board, accompanied by the "A" cover.

## Council Authorizes Cutler Pool Project

City Attorney Roy W. Colegate was authorized by city council Wednesday night, on motion of Councilman Philip L. Boyd, to prepare a resolution employing personnel and providing funds for necessary equipment, to operate the Frank Cutler private pool as a public recreation project this summer.

The pool will be operated, with a nominal price charged for its use to help defray expenses, as an experiment until July 21. If patronage at that time warrants, its use until Sept. 12 will be authorized.

### TO PAY COSTS

The resolution will provide for the employment of Robert Benton as supervisor at a salary of \$175 per month, of J. D. Abbott and O. L. Harmon as alternate life guards at \$50 monthly, of M. R. Libott for maintenance at \$100 monthly and for the purchase of necessary materials for its operation.

The nominal admission charges will go part way toward cost of operating the pool, the city to make up the deficit if patronage warrants.

### ADULTS STILL SHY

It is expected that as the weather warms up patronage will increase sharply and the difference

# Society

## Air Base Romance To Culminate in Ceremony Saturday

Miss Grace Vilma Nelson, 20, a civilian employee of the local army air base, and Lt. Robert Arthur Morales, 26, a pilot of the 21st Ferrying Group, Ferrying Division, Air Transport Command, also at the local air field, will be married Saturday night at 8 o'clock at the Community church.

Miss Nelson is the daughter of Mr. and Mrs. Jacob H. Nelson of Minneapolis, Minn., and Lt. Morales is the son of Mrs. Mary Morales of 4033 1/2 S. Vermont avenue, Los Angeles.

They met through their duties at the air field. Guests will be friends of the couple from army and civilian ranks of the field.

## Reveal Engagement Of Miss Croft and Aviation Student

Mr. and Mrs. John C. Croft of Palm Springs announce the engagement of their daughter, Dixie Norraine, to Arthur Robert Seidler, son of Mrs. S. J. Arrington of Arlington, California.

Miss Croft attended U. C. L. A. and Riverside Junior College and Aviation Cadet Seidler is a graduate of Poly High School and Riverside Junior College, and is now in pilot training at the Santa Ana Army Air Base.

No date has been set for the wedding.

Mr. and Mrs. S. F. Taylor of Palm Springs are residing in Los Angeles this summer.

## Sun and Sand Caravan of USO Puts in Busy Weekend Hostessing Three Dances For Soldiers Here and at Desert Posts

Sun and Sand Caravaners of the USO Mobile Service were kept busy last weekend hostessing three separate dances for enlisted men of the desert: one for the 312th Bombardment Group on Friday night, June 11, at the local school house; one for the Sanitary Companies of Torney General Hospital on Saturday night, June 12, on the hospital tennis court, and a third dance for the 315th Quartermaster Battalion, also on Saturday night, at the Coachella USO Club.

Friday night the Frances Stevens School was thrown open to the 388th Bombardment Squadron and the San Bernardino USO girls, who were asked to be official hostesses for the evening. Mrs. Marguerite Van Derwerker, head of the Caravan Mobile unit, and Lt. P. E. Stapley and Lt. F. W. Gravitt were in charge of the arrangements.

### PRIZES AWARDED

Pvt. Vernon Devoria M. C. d the evening affair and awarded dance contest prizes to Miss Elizabeth Broggi and Pvt. Pat Govoni, Sgt. R. M. Anderson's Camp Young orchestra provided the music.

Miss Eddie Lou Turner, assistant program director of the San Bernardino USO Club, chaperoned the out-of-town girls and Mrs. Mary Lougee and Mrs. Betty Harvey, of Palm Springs, and Miss Margaret Mitchell, Miss Elizabeth Small and Miss Gertrude Phillips of San Bernardino, assisted her as senior hostesses.

At the Saturday night dance for Torney Hospital Sanitary Companies, to which 60 Los Angeles and Santa Monica USO girls had been invited, the highlight of the evening was a special show put on during intermission by the Blue Network Circuit of USO Camp Shows. Other features were a jitterbug contest won by Miss Vivian Wilder of Santa Monica and Pfc. Leland Jones, and a beauty contest won by Miss Vernell Gouthier of Los Angeles. Contestants were awarded \$5 prizes.

### ARRIVE BY BUS

Arriving by bus from Los Angeles, the girls were welcomed by Capt. Preston C. Lloyd, commanding officer of the 742nd Sanitary Company and Capt. Claude E. Crumb, commanding officer of the 742nd Sanitary Company. Lt. W. E. Waffle, of the special service office, planned the dance with Mrs. Van Derwerker of the Sun and Sand Caravan. Helping him were Lt. Herschel O. Taylor, Lt. G. P. Stewart and Lt. Edgar G. Tchirkow.

Miss Violet Altrich, director of the Los Angeles Eastside USO Club, and Mrs. Grayce H. Carter, of Santa Monica, were chaperons for the weekend affair. Assisting them were Miss Clara B. McClenore, Mrs. H. E. Dobbs, Mrs. Cora Spencer, Miss Irene Winne, and Mrs. Chloe Downey of Los Angeles, and Miss Elizabeth E. White, Mrs. Ella Tabor and Mrs. Eunice Ward, of Santa Monica.

### DANCE IN OPEN

The dance itself was held on the tennis court adjacent to the

## Prominent Winter Resident to End Sojourn Next Week

Mrs. Anita Walton who has been one of Palm Springs' most active winter residents, is terminating her seasonal visit next week. The labels on her luggage are marked San Francisco. Mrs. Walton will visit friends in Piedmont and Lake Tahoe and from there will hop to New York and Washington and then return to California.

Just a year ago this week, the charming Mrs. Walton was voted the mascot of Squadron 42A of the Army Air corps and was presented with gold wings.

This winter in Palm Springs she had a busy social calendar, entertaining military personnel, two notable parties being one for the officers of the air base here and for nurses from Torney General hospital. At regular intervals hundreds of service men enjoyed the hospitality and gaiety of her home. Every Thursday her car was among those awaiting to take convalescents from the army hospital on trips to see the beauties of Palm Springs.

Officers, soldiers and nurses who have enjoyed her hospitality say they will miss her and hope she will return in the fall to continue her untiring work of spreading cheer and happiness in their ranks.

## Winter Residents Celebrate Their 51st Anniversary

Mr. and Mrs. Charles E. Griffin of Syracuse, N. Y., who have been spending the past few winters at the Vaughn Arms have decided to remain in southern California this summer and have taken a bungalow at the Hotel Banning, in Banning.

They will return to the Vaughn Arms for another season early in September.

Monday of this week, Mr. and Mrs. Griffin marked a memorable anniversary, their 51st wedding day. To celebrate the occasion they motored to Riverside where they had dinner at the Mission Inn.

The Griffins, who have been coming to Palm Springs for many seasons, are much interested in the Village and hope to spend many more seasons here.

Red Cross Recreational Building on the hospital grounds. Sunday morning chapel services were conducted by Lt. Gleason following which the girls and soldiers swam and had informal entertainment. The busloads of hostesses left for Los Angeles after Sunday supper.

Scene of the third Sun and Sand Caravan weekend dance was the Coachella USO Club where 80 Alhambra girls were the guests of the 315th Quartermaster Battalion. Arrangements for the dance were made by Lt. Robert E. Hess through Mr. Ben Burkhardt and Mr. Pat Fahey, USO directors, and Mrs. Van Derwerker.

Hostesses were served army style by an army field kitchen and were housed at the Indio USO Club. A seven-piece orchestra from the 355th Engineer Battalion entertained at the Saturday night dance.

### MORE THIS WEEK

Mrs. May Bettinger of the Alhambra USO Club, was in charge of the girls and was assisted by Mrs. Frances Gebhart, Mrs. Mary Lewis, Mrs. Jean Turner and Mrs. Veronica McKinney. Plans are now underway to bring the Alhambra girls to the desert on a monthly basis.

Sun and Sand Caravan activity for this coming weekend include a dance for the 386th Bombardment Squadron tonight, Friday, at the Frances Stevens School, and a weekend party at the Coachella USO Club for 694th Quartermaster Battalion. Girls from Redlands, Compton and Orange county USO clubs have been asked to be hostesses.

## Minnesota Girl and Army Man Married At Village Church

Miss Jeannette Orrall Anderson of Litchfield, Minn., became the bride of Sgt. Oscar B. Eide of Minneapolis, Minn., at a double-ring ceremony read by Dr. J. R. Macartney, pastor of the Community church at the church Saturday afternoon.

A group of military men and their wives attended the wedding. Benjamin B. Walter acted as best man and the matron of honor was Mrs. Bonnie M. Anderson.

Sgt. Eide is stationed at the local air base. The newlyweds are making their home at 470 Tamarisk road.

## Mrs. Sushan Finds Mexico City Great Place for Vacation

Mrs. Ruth Sushan of the Tailored Lady, 184 North Palm Canyon drive, has just returned from a ten-day trip to Mexico City, a jaunt which she says was highly enjoyable and which she says more United States citizens should take.

"I have traveled in Europe but a trip to Mexico City is just as enchanting and as much pleasure as a tour abroad. Mexico City is like a large city in the states but with a foreign touch—such as Paris has."

"I believe that when the war is over and Americans travel again they should see their fellow Americans in Mexico and South America before they go to Europe. At that, I found plenty of people from the United States in Mexico City."

Mrs. Sushan left here by motor car, planning to drive to Mexico City on a combined business and pleasure trip, to look over what Mexico might have with which to stock her store and also to take a vacation.

At Nogales, however, she learned that the roads were still not in good shape south of the border and so took one of the small but fast Mexican planes, reaching Mexico City ten hours later. She had no difficulty in gaining accommodations on the plane and the trip was a pleasant one, she said.

## Truck Tire and Tube Quota for June Cut

Truck tire and tube quotas for Riverside county during June will be sharply reduced from the number allocated during May, according to quotas established by state rationing officers.

For June only 525 truck tires will be allotted the county, compared to 610 for May, and only 515 tubes, contrasted with 642 for May.

## DeVine to Take Army Physical Test Monday

Johnny DeVine of DeVine's Market, Amado road and Indian avenue, will report in Los Angeles next Monday for the army physical examination.

Mr. DeVine reported to the selective service board at Indio Tuesday.

## Mr. and Mrs. Levering Moore

this week moved to Los Angeles to make their home for the summer. They will be at the Rex Arms apartment hotel on Wilshire boulevard.

## Cruncletons Move To Costa Mesa for Summer Vacation

Mr. and Mrs. C. E. Cruncleton this summer will break a custom of long standing—they will go to the coast for the summer months. Heretofore they have remained in the Village during the summers except for brief two-week vacations. They left for Costa Mesa this week.

Mr. Cruncleton, who is a well known local painting contractor, said that the shortage of experienced help for the next few weeks prompted his decision to shut down for the summer.

The Cruncletons will be back in Palm Springs this fall.

## Riverside County's Gas Tax Allotment Again Shows Slump

Riverside county's gasoline tax allotment showed another large slump under the corresponding period of 1942, according to Harry S. Riley, state controller, in announcing distribution of \$9,535,681 for the quarter ending March 31. Throughout the entire state the fund was \$4,748,025 or 33.24 per cent less than for the same quarter in 1942, before gasoline rationing.

Riverside county received \$41,091.02 on a basis of a registration of 38,609 motor vehicles.

Riley deposited \$1,589,280 in the state highway fund for later apportionment to cities. The balance went into the highway fund for state highway use.

## Mayor and Wife to Summer in Banning

Mayor and Mrs. Frank V. Shannon have leased the J. C. Coy home at Third and Hays streets in Banning for three months.

The mayor will keep in constant touch with civic affairs here and will make two or three trips weekly to the Village to conduct city affairs.

## Rationing Rules

### Your Coupon Schedule

Coffee — Stamp No. 24 good until June 30 for one pound per person over 14 years of age.

Sugar — Stamp No. 13 good for five pounds per person until August 15.

Shoes — Stamp No. 18 in War Book 1 good for one pair of shoes until October 31.

Gasoline — Coupon No. 6 good for four gallons through July 20.

Canned Goods — Blue stamps K, L, and M valid through July 7.

Meats, Cheese, etc. —(Including edible fats and oils and canned fish)—Red stamps from war ration book Number 2 are valid as listed below.

All are good for 16 points and all expire on June 30.

"J" in effect May 23.

"K" in effect May 30.

"L" in effect June 6.

"M" in effect June 13.

"N" in effect June 20.

Tire Inspections—A-book cars next deadline September 30. B-book cars, next deadline, June 30. C-book cars, next deadline, August 31.

## Mr. and Mrs. Sale Leave for Summer

Mr. and Mrs. Marvin Sale of Sale's Plaza Market, left this week to make their summer home in Beverly Hills where they plan to remain for the next two months.

Mr. Sale plans to return to the Village earlier than usual this fall and will probably re-open his market shortly after the middle of August.

# Cathedral City

W. R. HILLERY

In this period of hot weather what really burns me up is the controversy about the Japs we have in this country. It seems to me that many of those who are hollering the loudest are doing the only thing they have attempted so far as a war effort. The Army and the FBI are capable of looking after a handful of Japs when the many times more people who are white and questionable in the allegiance, are being kept in a fairly straight groove. Unless the "menace" serves some purpose such as recruiting volunteers for civilian assistance to military effort (Aircraft Warning Service, for instance) I hate to see the metropolitan papers devote so much space to the question when we are told paper stock is scarce. A final plea is to be made to maintain our observation post in Cathedral City and if it does not go over the post goes under and that is no joke.

Decker, is now a year around resident at Thomas Mountain. The temperature didn't reach freezing that night, on 43 or 44, but the desert rats should have kept themselves warm through their efforts in stoking the stoves. A bad thing about these mountain trips is it's a point consuming experience. You can live with stomach comfort on less food on the desert.

\*\*\*

It was left to Doc Brandt to look after the flag on Flag Day and it was flown from the Town Hall staff in a proper manner. Our flag is a beautiful emblem but one of fine quality of material stirs the emotions still deeper. The one with personality we have for the Town Hall was presented to the Chamber of Commerce here for the community by Mr. and Mrs. Frank V. Shannon on the double occasion of dedicating the Town Hall and the completion of the new well and water system in Cathedral City.

\*\*\*

Last Saturday night a group of cabin owners at Thomas Mountain, which is on the Pines to Palms road to Idyllwild, met at the annual meeting of the water share holders and transacted the usual business of a small mutual water association and then elected their directors. The directors then organized with the re-election of W. R. Hillery, president, C. S. Cobb, vice-president, L. R. Pratt, treasurer, and R. B. Blackburn, secretary, both of the latter gentlemen from Coachella. The remaining director, Mrs. Maude

Two transfers of property in the village this week reflect the confidence of the purchasers in Cathedral City. Next week the details will be given. This confidence comes through such loyalty to the community as shown by John Nachant this week. Jack is the owner of the Sunkist Bungalows and an active member of the Chamber of Commerce and has always, when the call came, put his hand in his pocket and then taken it out again with something in it. This time just before leaving for a short vacation he made a donation of \$100 to the building fund of the public library. Marie Ide, the volunteer librarian, is much elated and well she may be for when you give your time week after week and no one even thinks to thank you, then to have appreciation to the aims and efforts shown in this substantial manner is very gratifying. There seems little doubt that when the war ends funds accumulated and to be raised, will result in an attractive library building on the library lot adjoining the Town Hall. Just now the lot is being used for a volleyball court for military personnel.

\*\*\*

Under a brilliant moon last Wednesday night the Willard Prices entertained a group of friends on the sundeck of their home. The occasion was a going away party for Mr. Price's mother who has lived most of the last few years in Cathedral City but who now expects to go east to live with a daughter. To the delightful setting was added the delicious buffet supper that only Mrs. Willard Price can get together and serve. The group of a dozen guests spent the evening in conversation and to insure a real visit they were shifted about so every one present could chat with each fellow guest. We hope Mrs. Price's health continues good and that we shall have the pleasure of again seeing her in Cathedral City.

\*\*\*

For breakfast this Thursday morning we enjoyed a delicious cantaloupe from the H. E. Peterson Desert Cove Ranch. We know this is advertising but the Peterson's expect to have a good crop of watermelons and cantaloupes and we are strong for 'em.

\*\*\*

While in Riverside on Wednesday, I talked to Supervisor Dillon and Road Supt. Craven, as well as other officials. I asked what had become of the propositions that Mr. James Kyle had labored so zealously for and was told that the change of names of streets had not yet been acted upon but as soon as action was taken about fifty street sign posts would be available and we then worked out a way to have

YOU'RE IN THE ARMY NOW By. Capt. Herc Ficklen

Tuesdays at 8 p. m. — Prayer meeting.  
Thursdays at 7:30 — Missionary meeting.

them completed and installed after which the number of houses could proceed. As to the forestry fire equipment that proposal has been placed in the budget and as you know it is now on the lap of the gods. Just so long as our county government doesn't forget that we need certain things done here by the county and that we shall not ask for things we know the county can't do now and further we are always ready to do our share for our own community.

**Mr. and Mrs. Hicks Go to Cherry Valley**  
Mr. and Mrs. Harold H. Hicks left yesterday for their ranch home in Cherry Valley to spend the summer months. The children were moved up earlier in the week.  
Mr. Hicks plans to be in Palm Springs each week to look after interests here.  
They plan to return in the fall.

**Juvenile Delinquency Problem More Serious**  
That Riverside county's juvenile delinquency problem is becoming more serious was reflected in the report of County Probation Officer C. W. Mathews who reported there were 594 juveniles—452 boys and 142 girls—now on probation and under supervision of his office.  
In addition there are 36 boys and 24 girls in the county detention home at Arlington and 28 in the detention ward at the county jail. Up to today, 84 cases had been scheduled in juvenile court in June.

In the Kansas City, Mo. and Kan., zone, 49 retail florists formed a joint plan for handling orders which is expected to save 150,000 truck-miles a year.  
Pay Telephone Bills before the 30th and receive your discount.

**PALM SPRINGS FULL GOSPEL CHURCH**

Sundays:  
9:30 a. m.—Sunday school.  
11 a. m.—Service.  
Wednesdays at 8 p. m.

**CHRISTIAN SCIENCE CHURCHES**  
The question "Is the Universe, including Man, Evolved by Atomic Force?" is the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text, chosen from I Corinthians, reads: "To us there is but one God, the Father, of whom are all things, and we in him."  
Jesus' feeding of a multitude of "about five thousand men" in a desert place is included in a Lesson-Sermon passage from Luke. "Send the multitude away, that they may go into the towns and country round about, and lodge, and get victuals," said the disciples to Jesus. He replied, "Give ye them to eat. And they said, We have no more but five loaves and two fishes." Then Jesus "took the five loaves and the two fishes, and looking up to heaven, he blessed them, and brake, and gave to the disciples to set before the multitude, and they did eat, and were all filled; and there was taken up of fragments that remained to them twelve baskets."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "A miracle fulfils God's law, but does not violate that law. . . . The miracle introduces no disorder, but unfolds the primal order, establishing the Science of God's unchangeable law."

**Ordinance, Fixing Money Needed to Run City, Adopted**  
City council Wednesday night adopted Ordinance No. 134 which fixes the amount of money needed to meet operating costs of the city for the fiscal year starting July 1, 1943.  
Under the terms of the measure, cost of the library was fixed at \$2150 and general operating costs of the city at \$66,850, a total of \$69,000.  
The ordinance was introduced at the June 2 meeting by Councilman John Connell.

**Mr. and Mrs. Armand Turonnet** have gone to San Jose to spend the summer months.  
Pay Telephone Bills before the 30th and receive your discount.

**NOTICE**  
Summer office hours in effect at The Desert Sun office now are:  
Mondays, Tuesdays and Wednesdays, 10 a. m. to 3 p. m.  
Thursdays, 8 a. m. to 5 p. m.  
Closed Fridays.  
Saturdays, 8 a. m. to noon.  
Phone 3594.

## Bible Conference To Start June 27 Says Dr. Macartney

Bible conferences at Forest Home where Dr. and Mrs. J. R. Macartney, of the Community church here, are making their summer home, will start on June 27 and continue throughout the summer until Labor Day.  
Large groups of young people from churches throughout southern California gather there for a week of intensive spiritual training and leadership. Dr. Macartney, who comes to the Village each week-end to conduct services at the Community church, said,  
"I hope to see many of the young people of Palm Springs avail themselves of this unusual spiritual and recreational opportunity," he added.

## Episcopal Church To Observe Trinity Sunday on June 20

Services at St. Paul's in the Desert, Episcopal church, will follow the regular summer hours next Sunday with Holy Communion at 7:30 a. m. and service and sermon at 9:30 a. m. Sunday school will be held at the latter hour.  
Next Sunday is Trinity Sunday and the Rev. Robert M. Hogarth, vicar of St. Paul's, will talk on "The Mirror of the Soul."

## Regular Dividends Declared by Board Of Bank of America

Directors of the Bank of America have declared regular dividends for the current semi-annual period on both the common and the \$2 cumulative preferred stock, payment to be made on June 30 to shareholders of record as of June 15.  
The dividend declared on the common stock was \$1.20 for the current semi-annual period, at the regular annual rate of \$2.40 per share. This included the quarterly instalment formerly paid in March, in keeping with previous announcements that commencing in 1943 the dividends would be paid semi-annually instead of quarterly as an economy measure.

## Council Votes \$500 For Promotion Fund

Ordinance No. 135 appropriating \$500 to be used in defraying expenses of the Chamber of Commerce in promotion, publicity and advertising Palm Springs, was adopted by city council Wednesday night.  
The measure was introduced June 2 by Councilman Philip L. Boyd.  
Mrs. Charles Henderson of Sunshine Court, who was taken ill a few days ago, is reported as recovering nicely at her cottage at Idyllwild.

## Make It a Special Day This Year

IN BYGONE, carefree years, much good-natured fun has been poked at dads on Father's Day. Mothers, on Mother's Day, usually get the love and reverence due them. But for some mysterious reason, fathers have had to take their family's affection with a jigger of banter and a dash of ribbing. Cartoonists (most of them men) have added to the merriment by picturing the man of the house getting loud neckties, with the charge slips still attached, and similar disillusioning episodes. But dads, who would probably be embarrassed by an open show of emotion, have grinned and enjoyed it—and that finest of all institutions, the American home, has celebrated the day with gusto.

This year, we imagine, the jokes will be broader than ever, and the rough-hewn affection particularly reserved for fathers will threaten to get out of hand and spill over a little. For the fact that the drafting of fathers into Uncle Sam's armed forces is just around the corner can no longer be disguised or discounted. This year may be the last year for some time to come, that many fathers will spend with the kids sprawled around the living room and mother looking on from her corner. This year Father's Day has a new significance—and every youngster old enough to read the papers, and certainly every wife and mother, knows it.

## "I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

The list continues, illustrating the differences in the last of the "Four Philosophies." It is not that I, nor any of the rest of us who are concerned over the present conditions in Washington, are simply yearning for the "good old times." This is the easiest way I know to compare the handling of the same problem under two violently different philosophies. It demonstrates success, production, cooperation, effecting handling of war problems under one; and failure, muddling, confusion, extravagance, and a decrease in production under the other.

Joseph L. Weiner is director of the Office of Civilian Supply (O. C. S.) at a salary of \$9,000 a year. As such he has the power of life and death over agriculture, for if the farms do not have equipment, there will be decreased production, or none at all. When the Secretary of Agriculture and the heads of the War Production Board, whom the average citizen confidently thinks have this authority, decided that 50% of the equipment production of 1940, would be about right for 1943, Mr. Weiner had the power to reduce this to 20%. He was born at Dombrovitsa, then in Russia, in 1902, and came to Brooklyn with his parents when quite young. He gained citizenship by the naturalization of his father when he was still under age. He studied law, held a Pulitzer scholarship at Columbia University, practiced law, and taught at Columbia before coming to Washington. His agricultural experience was acquired exclusively in the farming district of downtown New York.

Maurice Parmelee was until a year ago employed by the Board of Economic Warfare at a salary of \$5,600 a year. Mr. Parmelee is an enthusiastic advocate of nudism. He advocates openly and constantly the practice of universal nudism in office and factory and home. A Congressional committee addressed a letter to Vice-President Wallace, calling his attention among other things to Mr. Parmelee's book on "Nudism and Modern Life," which contained several dozen photographs supporting his somewhat "advanced" theories. The Vice-President made an investigation for him-

self, and promptly fired Mr. Parmelee. He did not have to remain long outside the bureaucratic shelter however, for he was shortly afterwards re-employed, as an "economist," by the Railroad Retirement Commission, at a salary of \$4,600 a year. At that, between increasing taxes and the OPA, there may be something in his idea!

In 1941, Emil Jack Lever was a principal field representative of the Labor Division of the OPA, at a salary of \$5,600. His communist affiliations and activities are voluninous. He was a member of the executive committee of an organization whose publicly announced purpose was "to inspire the workers to take control of industry and government, abolish the present capitalistic system, and build a workers' republic." Since the "exposure" of these communistic activities and interests, Mr. Lever's salary has been increased to \$6,500 per year and his responsibilities increased so that today he is the head labor advisor of the War Production Board.

Tom Tippet, was the assistant chief of the Rent Control Section of the OPA at a salary of \$5,600. Tippet was associated in various communistic organizations with Earl Broder, William Z. Foster and other leaders of this movement. Mr. Tippet's salary has recently been increased to \$6,500.

David Karr (legal name Katz) is the assistant chief of the Foreign Language Division of the Office of War Information at a salary of \$4,600 a year, recently increased to \$6,500 a year. He came to this important job from the staff of the Daily Worker, the official newspaper of the Communist Party. He was also a contributor to other communist front publications. He was a Fuller brush salesman, and does not read, write or translate any foreign language. Thus he would seem to be peculiarly fitted for his present job.

Frederick L. Schuman is Chief Political Analyst for the Federal Communications Commission at a salary of \$5,600 a year. So that you may be re-assured that his political analyses will be unbiased, I quote the following statement, of which he is one of the signers, "we call upon all men and women, especially workers in the professions and the arts, to join in the revolutionary struggle against capitalism under the leadership of the Communist Party." More next week.

Sigma Pi (to old member): "How is old Bill these days?"  
Grad: "Oh, he's much better since his operation."  
Sigma Pi: "Operation! I didn't know he'd had one."  
Grad: "Oh, haven't you heard about it? They removed a brass rail that had been pressing against his foot for years."

## Farm Labor Office Opens in Riverside

An office at 3622 Ninth St., Riverside, California, phone 6061, is open for the registration and employment of farm labor throughout the county. R. M. C. Fullenwider of Corona is in charge.

This service to farmers of the county is under the supervision of the Agricultural Extension Service. In the near future, offices will be opened at Blythe and Indio for recruiting and placement of labor in those areas.

Ranchers are urged to see that suitable meals and sleeping quarters are available due to the fact that so many restaurants are closed for the duration that could otherwise be relied upon for feeding.

Outside of the Mexican Nationals, our greatest source of help for this year's harvest will be the boys and girls of high school age that are ready and willing to do their bit in the Crop Corp work. These boys and girls come from our local schools and homes and the feeding and housing of these youths is a patriotic endeavor in itself.

Requests for additional help for the summer harvests should be placed with this office, 3622 Ninth St., Riverside, Calif., well in advance of the need so that adequate labor will be available to the rancher.

All Farm Labor applicants will be handled through this office and not through the United States Employment service as in the past.

## Heads \$1,000,000,000 Spenders Association

C. A. KEEBLE, purchasing agent for Union Pacific Railroad, who has just taken over presidency of Purchasing Agents Association whose members buy more than \$1,000,000,000 worth of materials and supplies for southern California industries.

Southern California purchasing agents, spenders of more than \$1,000,000,000 per annum on this area's war and civilian needs in materials and supplies, have elected C. A. Keeble to head their organization for the coming year. Keeble was installed as president of Purchasing Agents' Association at recent ceremony of the buyers' group. He is purchasing agent for the Union Pacific railroad.

The election crowns a career of 24 years in the purchasing field for Keeble who began in the store department of the Union Pacific in 1919. Following a succession of advancements with the railroad he became chief clerk of U. P.'s purchasing department in this area in 1925 and rose to head that department in 1937. Keeble has served continuously in various offices of the purchasing agents' association since 1939, and is its immediate past first vice-president.

Purchasing Agents' Association, whose 447 members represent the railroad, oil, steel, aircraft and motion picture industries, public utilities, city, county and state governments in Southern California, is affiliated with National Purchasing Agents' Association, which has a country-wide membership of 7000. The Southland group, exceeded only by the Chicago and New York affiliates, is the third largest local body.

## WAR AND FOODS

This war is accelerating the use of dehydrated foods, just as the last war hastened the development of evaporated milk, the Civil War brought condensed milk, and the Napoleonic Wars established the canning industry.

"Who was our first President?" asked the American lawyer, hoping to test the intelligence of a witness.

"Washington," replied the witness.

"Right! And who was our second President?"

"John Adams."

"Correct!"

There was a pause.

"He's doing fine," whispered a friend of the lawyer. "Why don't you keep on?"

"I'm not sure who was the third myself."

DETECTIVE—George Zucco, Marjorie Lord and Basil Rathbone in thrilling scene from the latest Universal series, "Sherlock Holmes in Washington," to be shown at The Palm Springs theater Sunday and Monday.

## On This Side...

(Continued from first page)

ing: "When did you join the WAACS?" She said: "That word was born plural. Don't add an 'S'." But when I asked: "How many WAAC are there in town?" she came back with "When you speak of the individuals, you may add the 'S' and say WAACS." ... Some cynical male remarked recently that the women's auxiliaries to the various military branches had done one great thing. They had made women content to wear the same style hats. This WAAC said the man was silly. True, the women all wear the same style hat but they are NOT happy about the idea.

SOFTIES—You can't blame the Japs much for figuring we are softies and lack unity when they hear about the current argument over Jap internment camps and how the Japs put there at the start of the war, are being released in droves to roam at will. ... The Front for the campaign to release the Japs terms itself the "Committee of Americanism and Fair Play." It has many members. But if someone proposed a "Committee for Fair Play to Rattlesnakes" it would draw recruits too. ... I wonder if American nationals are allowed the freedom of Japan.

LESSONS—The OWI has started a class in letter writing. When you write to the boy in the service, says the OWI, tell him:

How the family is doing everything possible to win the war.

How anxious the family is for his return.

How well and busy the family is—in detail.

How the family is getting along financially—make it rosy.

What's doing in the old home town; news about the girls (single) he knows. Who's marrying who, sports, reminiscence about past events and places the boy used to visit. Keep it cheerful.

The OWI makes it complete by advising letter writers NOT to comment on:

Your troubles. He has enough of his own.

Your complaints. He can't do anything about them.

About things you are deprived of. He can't supply them.

Doleful predictions about the future. He's fighting for that future now.

Unnecessary details about financial troubles.

AND FINALLY — A Villager tells me that one of the neatest things he had to read in a long time was: "The Axis will stop at nothing. Why do you stop at ten per cent?"

## Mr. and Mrs. Williams Buy Home at Carmel

Mr. and Mrs. Clifford Williams of Pasadena, who have been wintering in Palm Springs, have purchased the home of Sir Rasecots at Carmel and are moving to their new place.

They plan to return to Palm Springs next fall to spend another winter season here.

Mrs. Williams was the former Baroness Ozalia Rach-Wolska, a well known authoress and lecturer.

Sergeant (sweetly addressing his men at the end of an exhaustive hour of drill): "When I was a little child, I had a set of wooden soldiers. There was a poor boy in the neighborhood and after I had been to Sunday school one day listening to a stirring talk on the beauties of charity, I gave them to him. Then I wanted them back and cried, but my mother said: 'Don't cry, Bertie; some day you'll get your wooden soldiers back.'"

"And believe me, you lopsided mutton headed, goofus brained set of certified rolling pins, that day has come."

The true way to live is to bring to each duty that comes to our hand our wisest thought and our best skill. —J. R. Miller.

## Mrs. Mary Woodson Village Is Lagging Well Known Village Resident, Succumbs Says Walter Illick

Last rites were said at the Wee Kirk of the Heather, Forest Lawn cemetery, Los Angeles, Wednesday for Mrs. Mary E. Woodson, wife of Charles W. Woodson, prominent Palm Springs resident, with the Rev. Robert M. Hogarth, vicar of St. Paul's in the Desert, Episcopal church, officiating.

Mrs. Woodson succumbed to shock and complications following major surgery in Los Angeles on June 12.

She was prominent in the work of the Guild of St. Paul's church and in other church activities. Her husband is a member of the church vestry.

Mrs. Woodson is survived by two daughters and one son, Mrs. Grace Libenow of Palm Springs, Mrs. Fern Shelford of Los Angeles and Chester W. Woodson of East Aurora, New York, and several grand-children, two of whom live here.

The family returned to their home here, Camino del Monte, for a brief stay after the last rites. Chester Woodson had planned to fly from New York for the rites but was unable to reach here.

Ray E. Sortum, director of public works, was in Los Angeles this week on business in connection with the purchase of a skip loader for the city.

**Muriel E. Fulton**  
REALTOR  
332 N. Palm Canyon Drive  
Phone 2226  
(Member of Palm Springs Real Estate Board)

Palm Springs has been more than generous in its bond drives but when it comes to salvage—the Village has not been so good.

So said Walter Illick, chairman of the local salvage committee this week in urging Villagers to save their waste fats and greases.

"Remember—one pound of grease makes half a pound of dynamite. Let's give them plenty of dynamite," he said.

"It's the little dabs of fat, the few ounces that Mrs. Smith and Mrs. Jones don't consider enough to bother with, that will more than fill our quota. Grease is critically needed.

"You kids, too, get busy and for every five pounds of fat you turn over to your butcher, you will not only get paid for it but you will get a pass to the movies. All it will cost is the tax on the ticket. Take the grease to any meat market.

"Another item needed is silk and nylon hose. You will find plainly marked containers at the stores and at both theaters. This, too, is valuable in the war effort.

"If you have any question to ask about salvage, telephone 2125 for salvage information."

## Prominent Author And Lecturer Here For Week's Visit

Dr. and Mrs. David L. Cooper of Los Angeles, were visitors in Palm Springs last week and expressed themselves as pleased with the Village every time they come here. They were visitors here last winter.

Dr. Cooper is a lecturer, educator, author, Bible authority, and is busily at work on a new book now.

While here Dr. and Mrs. Cooper visited with Mr. and Mrs. George B. French, Dr. and Mrs. Walter Scott Rudisill and General and Mrs. A. G. Paxton whom they knew while in the south.

## Mary Allen, Local Girl, Enrolled in Redlands U. Course

Mary E. Allen, daughter of Mr. and Mrs. Stuart Allen of Palm Springs, is one of approximately 100 students enrolled at the University of Redlands summer session.

Miss Allen graduated from Palm Springs High school in 1940 and was valedictorian of her class.

At Redlands she is a member of Beta Lambda Mu sorority and has held the office of secretary. She has also been secretary of the junior class and has been listed on the University honor roll.

She is majoring in education with minors in history and English.

Most German bookshops have been stripped clean of all well-known classical literature, though they continue to receive large stocks of Hitler's "Mein Kampf" and books by other Nazi party leaders.

WESTERN—There's action a-plenty in "Leather Burners" . . . starring Bill Boyd as "Hopalong" Cassidy with Andy Clyde and Victor Jory at the Palm Springs theater Saturday, June 26.

YOU'RE IN THE ARMY NOW

"Somebody busted my bugle!"

## California Being Penalized 19% Due To Old Census Figures Used in Food, Clothing and Other Articles, Claim

"The government should discard the 1940 census figures in allocating food, clothing, etc., since ration book registries provide an up-to-date record of where our population now lives," said Emil Brisacher, President of Brisacher, Davis & Van Norden, Advertising Engineers, at the annual meeting of the Purchasing Agents Association of California in San Francisco last night.

"California is up 19% over April 1940. We have 1,213,000 more people—8,120,000 against 6,907,000 in 1940. That's this year's population of the War Time Plateau according to National Resources Planning Board.

### STATE PENALIZED

"A vast number of government restrictions on production and distribution are based on 1940 population—penalizing the California population by a full 19%—and giving an unwarranted surplus to states in which population has decreased or remained static. That's why the shelves of California stores are bound to be emptier. What good are ration coupons when there is little merchandise? Think how much more shopping time is required—going from store to store to buy essentials—all the more wasteful since our population is primarily engaged in war work. More workers in California are employed in airplane factories and shipyards than in all other factories combined. (Source: National Resources Planning Board.)

"California suffers further because most manufacturers of unrationed goods allocate their stock of merchandise on the basis of pre-war purchases by merchants in each state. Yet, a 19% increase in goods now prorated to California merchants is necessary. Our merchant and civic associations should unite in their demand for the preference based on California's increased population.

### FOR MANUFACTURERS

"It's essential, too that California manufacturers be allocated the materials to manufacture 19% more than they did in 1940, so that they can supply at least some of the needs of the state's swollen population. Manufacturing this added percentage of goods in California would eliminate some of the cross-hauling of items on the over-crowded East-to-West freight trains.

"No national increase in civilian production is necessary to help California achieve a wartime equality with other industrial areas. Some parts of the country have lost population and production because of the war, yet these depressed areas still enjoy an allocation that is disproportionate."

## Walk Washing . . .

(Continued from page 1)

only in the business district, to permit use of water only of sufficient strength to remove dirt, soil or adhering matter and that pedestrians shall have free and unrestricted right of way and shall not be spattered by water from hoses used in washing walks.

He also proposed an amendment which would empower the city to forbid washing of walks for a limited period to enable them to dry out thoroughly for repairs.

### CAUSES OF LAW

Formation of the lake at the Arenas road intersection, splashing of water on pedestrians by careless janitors and continuous dampness of the highway making repairs impossible, were back of the introduction of the measure earlier this year.

Director of Public Works Ray Sortum and City Engineer J. F. Davidson are now busy on plans to drain the intersection. The state highway department will assist in the necessary work as Palm Canyon drive is a state highway.

### PLANS AUTHORIZED

At the June 2 meeting of the city council the engineer was authorized to prepare plans, specifications and an estimate of cost to build the necessary drains. Blueprints have been received at the city hall and are now in process of study.

Mayor Shannon told councilmen Wednesday night that when this drain is completed, part of the objectionable features of the flooding of walks will be eliminated.

### REVISION PROBABLE

Two arrests have already been made for violation of the ordinance and the cases are now pending in Judge Guy Pinney's court.

From the discussion Wednesday night by city council it appears some revision of the measure is probable but it also is believed that any amendments will be held up pending action on eliminating one of the main objections to unrestricted washing, the pool at the Arenas road intersection.

## Shoe Stamp No. 18 In Effect, Is Good Until October 21

The first shoe rationing stamp, No. 17, went out in a blaze of glory Tuesday with sales reported brisk on the final day. In some southland cities shoe stores were forced to close their doors early because of depleted stocks.

Shoe stamp No. 18 went into effect Wednesday and will be good until October 31. The period for the second pair of shoes this year is 12 days longer than for the first.

OPA officials declared that shoe stamps were transferable within the family circle for persons living in the same household.

It also issued a ruling that No. 17 will be good for mail-order shoes if the envelope containing the order is postmarked before midnight, June 15.

## WAAC Drive . . .

(Continued from page 1)

enter the service as buck privates and are called "auxiliaries." They receive \$50 a month and may be promoted to officer rank with pay checks possible up to \$4000 a year. It has been pointed out that the WAAC, when fully implemented by successful recruitment, will be able to replace more than 150,000 able-bodied men who will therefore be released to front line duties.

### COMMITTEE MEETS

A meeting of the local Civilian WAAC Recruiting committee recently organized here, was held at the Del Tahquitz hotel Tuesday afternoon at which Sgt. Wilson and Cpl. Padula discussed the need for recruits and outlined their campaign here.

Present at the meeting in addition to the WAAC recruiting officers, were Mrs. Austin McManus, Mrs. Martha James, Mrs. Grace Lewis Miller, Mrs. Zaddie Bunker and Mrs. P. M. Swart. Mrs. Charles Henderson, chairman of the committee, was unable to be present because of illness.

### MRS. JAMES IN CHARGE

When Sgt. Wilson and Cpl. Padula conclude their drive here they will leave all information and application blanks with Mrs. James who is at the Ransom-Cree realty office, 142 South Palm Canyon drive.

Anyone wishing to get in touch with Sgt. Wilson or Cpl. Padula during hours they are not at the theaters, may reach them by calling the Del Tahquitz hotel, they said.

### GUESTS AT ROTARY

Wednesday, Sgt. Wilson and Cpl. Padula were guests of the Rotary club at their luncheon at the Del Tahquitz and spoke briefly on their purpose here. They were introduced by Mayor Frank V. Shannon.

The mayor also issued a proclamation yesterday, making the week, from today to next Friday, WAAC week here and urging full support for the recruiting agents in their drive here.

### NOW IS THE TIME

Sgt. Wilson and Cpl. Padula pointed out that now is the time to join the WAAC, at the start of the drive.

"Advancement opportunities will be greater for those who get in on the ground floor," said Sgt. Wilson.

"The more women who join the WAAC, releasing men for the combat front, the sooner we'll be able to end the war and bring our boys back home," said Cpl. Padula.

## New USO Head . .

(Continued from Page One)

supplementing local girls with the USO girls brought to the desert from out of town, Mrs. Hirt and Mrs. Van Derwerker are anticipating a full time program.

Prior to her Palm Springs appointment, Mrs. Hirt was widely known for her USO work in Merced, Calif., where she evolved a number of original program features, such as aquatic parties, army style shows and dramatic plays. As director of the Tacoma USO, which position she held for six months, she received outstanding acclaim for her handling of military and social problems pertinent to that community.

### IN RED CROSS WORK

Before her affiliation with the national USO organization, Mrs. Hirt had distinguished herself in Red Cross Service Work in Fort Lewis, Washington, and for many years previous had been with the Pasadena Play House where she produced, directed and acted in well-known stage productions.

With the expansion of the present program of USO activity in Palm Springs well on its way, Mrs. Hirt is looking forward to a well varied scheme of program operation for the future.

PALM SPRINGS, CALIF.

The Desert Sun—5

## High School . . .

(Continued from page 1)

freshman English.

Miss Carmon Cook, Spanish and homemaking.

Wood Glover, boys' physical education and shop.

Henry Greeley, mathematics.

Miss Mary Hall, girls' physical education and world history.

Mrs. Jane P. Kleeb, Sophomore English, speech and violin.

Mrs. Kathryn Martin, U. S. History and civics, and third and fourth year English.

Paul Summers, physical sciences.

Max Vaucher, art, Latin and French.

Miss Alfreda Webber, library-study.

### RATE MAY BE 68c

Miss Catherine has been re-employed on a part-time basis as nurse and attendance officer at the high school. She is also an employee of the Desert School District.

Non-certificated employees for the next school year are Mrs. Marian Kellar, school secretary. George Bell, custodian.

Leonard Hayes, assistant custodian.

In preparing its tentative draft of the 1943-44 high school budget, the board anticipated a high school tax rate of approximately 68 cents. Teaching salaries have been increased 12 1/2%, and the undistributed reserve is being increased from \$55,000 to \$75,000. About \$20,000 has been saved from the budget for the current year to supplement this reserve. The policy of the board, according to Principal E. E. Oertel, is to build its reserve up gradually to a point which will make it possible for the high school district to take care of building needs in the post-war period on a pay-as-you-go basis. The high school tax rate since the district has had separate entity has ranged from 60 to 68 cents.

### TO COUNTY OFFICE

The tentative budget goes to the County - Superintendent of Schools, E. E. Smith for review. It is returned to the local board and is officially adopted only after careful review and a public hearing during the first week in August.

Closing reports for this school year which have been prepared for the State Department of Education in the high school office, show that a total of 280 pupils have been enrolled in the local high school since September 14, 1942. The official state enrollment figure for this year is reported as 222. In June, 1942, the reported figure was 171. The official A.D.A. figure reported for this year is 164. Last year this figure was 160.

### EXPECT 203 NEXT YEAR

The attendance report shows that although considerably more students attended high school this year than last, their attendance was spotty and irregular, allowing an A.D.A. (average daily attendance) figure only slightly in excess of the previous year. It is on a basis of this figure that State apportionments are made to the local districts.

To supplement the regular day school A.D.A., the high school will report a new A.D.A. figure this year for special evening classes (forums and night school). In addition to the regular State apportionment of approximately \$80 per unit of A.D.A., a bonus of \$120

## Tramway Drive . . .

(Continued from page 1)

to have the project in readiness for postwar construction and that it could not be constructed before the end of the war.

There was some discussion over the question of control and Mr. Lockwood pointed out that members of the Authority would be so bound by contracts with the state park officials and with bond holders that their duties would be largely administrative and the question of control immaterial. He said that some consideration might be given to the thought of the state building the project.

### GREAT COMBINATION

"But no matter who does, it should be built," he said. "Nowhere is there such a combination of attractions for varied tastes as here. The choice between the desert or snow sports, augmented by the choice—after the war—of the metropolitan areas, the beaches, the races, can be found nowhere else.

"And the spot to which the tramway leads is one of unsurpassed beauty and affords some of the best snowsports to be found. The panorama which will be spread before the eyes of the tourists will alone be worth the trip.

### IN BACKYARD

"All of this is right at our back door, available to all of southern California and the visitors to southern California.

"I am confident that with the progress made this year we will have the Tramway and in time to be a postwar construction job, ready for our guests when travel is unlimited again."

per unit is allowed for the first ten units of attendance in special day and evening classes for adults.

Preregistration figures collected in the school office indicated that 203 students would be in attendance when high school starts again on Monday, September 13.

## 21st FERRYING GROUP NEWS NOTES

Ferrying Division, Air Transport Command, Army Air Field,  
Palm Springs, California

By Sgt. George Goodale

### THE CORPORAL CALLS IT MURDER

One of our operatives who stands in pretty well with the Underground stealthily reported the other midnight that the Crying Room Society of Lower Basin Street, sometimes known as the People-Who-Feel-Sorry-for-Other-People-Association, has formed a Palm Springs chapter and that its first assignment is to face the wailing wall with a whale of a wail for a poor corporal at a southern army air field.

This corporal, news dispatches said, was recently divorced and blamed everything on his mother-in-law, at the same time uttering opinions of her for which he surely won't go to heaven. Now his ex-wife's mother has been made a lieutenant in the WAACS — and is stationed at the same field!

Naturally, by reason of rank, she is one of his superiors.

We understand that the corporal's commanding officer, who is charged with the soldier's welfare and safety, is trying to right the third fox-hole from the right for him in the Solomons, assuming, we think, that he would be safer there.

Anyhow the Society is going to offer up its best tears in his behalf.

### YOU'LL BE HEARING HIM

Now on the other hand, our operative who "covers" the band brought glad tidings about a new member of the outfit.

The neophyte is Pvt. Leonard Pennario, who a national concert agency calls "as exciting as fireworks." He is a pianist and from what we've been told about here by those who have heard him, that catch-line coined by the agency is a masterpiece of understatement.

He's 18 years old and comes from Los Angeles. He started studying music when he was six years old and began concertizing when he was only 12 when he made his debut with the Dallas Symphony orchestra at the Texas Centennial. In 1939 he won the Young Artists contest on Treasure Island for the most outstanding instrumentalist on the west coast, defeating more than 300 others.

He has been featured by the Los Angeles Philharmonic and by the symphony groups of San Francisco, Pasadena, Denver, Chicago and Minneapolis. Less than six months ago he was "three-sheeted" in Chicago as the solo star of the orchestra's appearance and the music critics of the town knocked themselves out in writing glowing pieces about him. And just this spring he was chosen by the great conductor, Dimitri Mitropoulos, to play the Rachmaninoff concerto with him in the Rachmaninoff memorial concert in Minneapolis.

Now he's with us and you'll be hearing him soon.

### BEATS BULL FIDDLE

Just as effective in a lighter type of music is the current effort of Pvt. Kenneth Winstead, bass player of the band. Pvt. Winstead was first bass player with the Kansas City Symphony and with a group of others played for their own amusement on "Saturday Nights at Tom Benton's" which is exactly the name of a phonograph record album now very popular. One of the most popular records is "Cindy" and Winstead is the arranger of the musical interpretation.

### PROP WASH

Lt. Walter Farris, new Post Chaplain, opens general worship services for soldiers of all faiths this Sunday . . . Services will be held each Sunday morning at 10:30 in the old mess hall until the chapel is completed . . . his message this week will be "The Builders" . . . off on furlough are Sgt. James Cannon and Pvt. Bart Wall . . . Back from one is T-5 Dalton Sedgemore . . . and enroute is S-Sgt. Henry Lucas . . . Pfc. William Brown recently became a papa . . . but there were no complications so he remained in camp . . . then a member of his family became ill and he finally had to go . . . we know he will be glad to see his heir . . . and we hope the other matter is not too serious . . . many wives of our officers have been working at the local chapter of the Red Cross making dressings for the station hospital . . . this week Mrs. Andrew B. Cannon, wife of our C. O., brought out a full box which she had made . . . Lt. Jim Jennings hit five for five in a softball game the other night . . . one was a homer with the cushions loaded . . . S-Sgt. Edward Tollison's sick because T-Sgt. Clarence Greving is breaking in a new pipe . . . and

Frankovich, Capt. and Mrs. John R. Hamilton and Joe E. Brown and Mrs. Brown. We included their names with our people because they feel they are part of us and we feel the same.

Then came the entertainment, and what a show!

From the Ice-Capades were Joe Jackson and Trixie, Jackson with his side-splitting tramp bicycle act and Trixie with her juggling. We worked in the same show with her in Chicago a few years ago and she was sensational then. She's even better now. Then there were Syd Saylor and Harry Seymour with songs, Charles Judels, Rufe Davis, and old friend and a great comic, John Sheehan and Robert Armstrong in a skit, York and King, a great magician in Peter Godfrey, assisted by Renee Haal, Louis Da Pron, a skit with William B. Davison, Charles Halton, William Henry, Edwin Sturgis and George Chandler.

Headlining, naturally, were Eddie Cantor and Ginny Simms, who gave unstintingly of the best they had—which is tops. Add on to this line-up, Joe E. Brown's after dinner remarks, and you have something Ziegfeld would have extravaganza-ized.

### NOT WITHOUT INCIDENTS

The trip was not without its incidents . . . Sgts. Olon Furr and Don Burris hit the far extremes when Ginny Simms kissed Furr and Burris was kissed by—Cantor . . . Sgt. Bob Felger and Furr liked ice cream so well they made the PX at Camp Santa Anita open up early as they returned home . . . quite a line-up for autographs . . . with 1st-Sgts. Burt O. Randall, Joe Miller and Ernest Berry in the lines . . . seems like you stand in line for everything nowadays . . . Pvt. Terrence Sherman had to fix a flat on a truck . . . after the show many of the boys who had never seen Hollywood wanted to go a-lookin' . . . Lt. Raymond Karge accommodated them by leading them in orderly file down the boulevard . . . transportation was led efficiently by Lt. J. S. Ferrari and Sgt. Norman P. Palmer.

### PERFUME PUSSY

We don't know what it is about the household of Capt. Jeffries Stetson and Lts. Edgar Sinnott, William Bold and Edward Belt that attracts skunks. Lt. Bold ventured an opinion but it is one of those opinions which must remain unheard and unsung and unseen.

Anyhow the skunk which gave Lt. Sinnott such a mental fencing session the week before, returned again the other night. It is a baby skunk and it even cried a bit as it scratched on the screen.

The officers did not let it in, however, because there hasn't been anything they studied in learning to be an officer that tells how to determine if a skunk has been, or is, de-odored.

Finally a bug landed on the screen door and the skunk clambered up the wire after it, but missed. It got back on the porch, sat there awhile watching the officers watching it and finally flipped its tail and skulked away.

Someone's going to win this skirmish yet. We have ordered great quantities of cologne for the officers.

Music resembles poetry; in each are numerous graces which no methods teach, and which a master hand alone can reach. — Pope.

## What You Buy With WAR BONDS

One of the most essential articles of equipment for our soldiers is in our hands. In equatorial countries and in other warm climates they are particularly important to the welfare of our fighting men.

The canteen, now being largely manufactured of plastics, costs about 43 cents. The canvas cover . . . about 41 cents or 84 cents in all. Your purchases of War Bonds, or People's Bonds, will buy many of these for our men in the Solomons or in Africa where they are badly needed. Buy War Bonds every pay-day . . . at least ten percent of your income . . . through a Payroll Savings plan. U. S. Treasury Department

## Many Promotions and Merit Awards Made To Men Stationed at Ferrying Base Here

Enlisted men of the 21st Ferrying Group, Ferrying Division, Air Transport Command, stationed at the local Army Air field had a field day this week in promotions and merit awards, an announcement by Lt. Col. Andrew B. Cannon revealed. Two enlisted men also earned appointment to aviation cadet school.

Men of all grades were boosted to higher rank and 77 men, also of all enlisted rank, were awarded the army good conduct medal for having completed the necessary time of active federal military service and having served with efficiency and fidelity.

Those receiving that award included:

M/Sgts. Sid E. Homan and William G. Sallis.  
T/Sgts. Albert E. Dade, Timothy L. Donovan, Wayne G. Suentjens, Mark M. Smith, Gene R. Bowman.

S/Sgts. Peter P. Artale, Donald B. Burris, Ray L. Feuerbacher, John W. Glosson, Richard C. McGill, Willis E. Norwood, John W. Plaza, Arthur J. Podway, Eli W. Tracy, Jesse J. Welch, George W. McGoff.

### THEY MOVE UP

Sgts. Harold G. Bottcher, James A. Cannon, Bonnie E. Carpenter, Russell H. Cramer, Leonard G. Deering, Wilbur H. Drews, Edward A. Eliason, Robert S. Felger, Homer C. Gilmore, George D. Harmon, Charles F. Keniff, Ernest E. Meadows, Edward R. Meyer, Lucian Ograbiz, James J. Perkins, Jr., Elwood E. Philbrick, Gordon S. Plunkett, Gray F. Presnell, G. W. Rasch, Ira H. Spire, Harold N. Wactor, Jr., Roy R. Williams, John P. Wisdom, Hairston G. Worstell.

Cpls. Raymond R. Blackwell, Cleve E. Blair, Isaac J. Buckland, Fred W. Cook, Walter R. Duvernois, Randolph E. Hays, Dayton M. Helms, Jr., Clifford S. Henderson, Raymond Marchie, Albert I. Miller, Raymond E. Moyer, Walter T. Proctor, George A. Slayton, Martin J. Sullivan, Clyde O. Sutherland, Ralph C. Taylor, Anthony J. Tittel, Edward H. Tonn, McDonald Turman; and Pvs. First Class Horace Wiley, Allen Ivey, Walter S. Kosinski, Owen W. Miller, Henry J. Schlenker, Joseph B. Taylor, Jr.; Pvs. Harold L. Rehnberg, Howard A. Ruelle, Lennie O. Van Meer, George E. Welsh.

### MEN PROMOTED

Men promoted included:  
To first sergeant: Joseph P. Poist.

To technical sergeant: Gene R. Bowman, Timothy L. Donovan, Mark M. Smith, Ashby H. Abernathy, Harold E. Carlson, Harry R. Hinkley, John Horn, Harry C. Jones.

To staff sergeant: Vincent E. Thomas, Irving B. Tucker, James E. Wilson, Dwight G. Williams, Donald B. Burris, George W. McGoff, Glenn K. Cartwright, Louis B. Pelletier, John R. Saari, Floyd L. Yager, August L. Linbrugger, Jr.

To sergeant: Virgil B. Closser, Roland Vraux, Walter Warren, Leonard G. Deering, George Goodale, G. W. Rasch, Irving Arluck, William H. Fey, Edward J. Nolan, William O. Northcutt, Norman P. Palmer.

To corporal: James J. Doheny, Ronald G. Hayboe, Garden B. Hubbard, Raymond Marchie, Daniel M. Marucci, Martin J. Sullivan, Charles Washburn, Frank McNeil, Wilbur H. Dennett, John E. Dooner, Daniel Geier, Earl A. Gilbert, Wayne E. Heiserman, August F. McLaughlin, Joseph Medeiros, Nelson J. Pocobello, Francis A. Rhoades, Robert F. Stroschein, Timothy J. Daly, Roger A. Newhall, Walter J. Sullivan, Jack A. Aronson, John Butya, Frederick A. Ruh, Jr., Robert E.

## Ray E. Sorum, Son Of City Official, Starts QM Course

Raymond E. Sorum, son of R. M. Sorum, director of public service, and Mrs. Sorum, Monday of this week started an intensive four-month course at the Navy's quartermaster school at San Diego.

Young Sorum has been in the navy on active duty since March 2. He enlisted in the naval reserve last November 6 and reported in March.

When called to duty he was completing his first year at Redlands University, majoring in engineering.

Upon completion of his course at the navy QM school, he will become a petty officer.

## Villager, Veteran Of 5 Major Battles In Pacific, Home

Wilford McCoy, radio operator, 2-c, of the U. S. Navy air force, spent a large part of a 15-day furlough in Palm Springs, where he is widely known, visiting his father, I. C. McCoy. It was his first visit on the mainland in more than a year of service in the Southwest Pacific in which he took part in five major aerial battles, and has the service medals to show for them.

McCoy, who attended school in Palm Springs and also was employed here, has been in the navy for two years. His visit this week, however, was the first in the United States since the war began.

McCoy was one of ten men recently decorated by the president for bravery in action, winning the Distinguished Flying Cross for heroic action in the Battle of Midway, at which time he was radio operator and gunner on a torpedo plane attached to one of the U. S. warships. He also saw action in the four big battles of the South Pacific.

Action was practically continuous, he said, and he was glad to get back to the mainland for a rest. He will probably be stationed at San Diego for a while.

## Former Principal Of P. S. H. S. Moving Up in Navy Ranks

Lt. Morris F. Richardson, former principal of Palm Springs high school, now in service with the U. S. Navy, writes to a friend here, Maurice P. McCann, Los Angeles Times agent, that he is thrilled by the fact that during June, while on duty at the huge naval station at Corpus Christi, Texas, he is "the third from the highest officer in charge of the largest naval station in the world."

Lt. Richardson has been assigned as permanent Officer of the Day at the station for the month of June.

"It is an interesting duty and gives one an opportunity to learn about the operation of a great naval base," he wrote.

Next month, as senior member of the examination board at the Corpus Christi station he will be in charge of 80 different examinations given a vast number of enlisted men.

Tigner, Michael A. Tencza, Vincent A. Mahoney.

To private first class: George T. Meeks, Theodore E. Fleming, Herbert S. Berlin, George Corrado, George H. Goldschmidt, Curtis E. Wayne, Martin P. Corcoran, Raymond J. DeMetsener, John D. Hroch, Thomas F. Lavelle, Louis E. Petru, Vitold Pietkiewicz, Nicola Pizzi, Raymond Wiersma, William C. Bramble.

### NEWS OF CHANGES

Joseph J. Miller, first sergeant, was relieved of his duties and placed in the physical training department as an instructor with the rank of technical sergeant, a job for which he applied.

The two men earning appointment as aviation cadets were M-Sgt. John Macksey and Pvt. James C. Conover, Jr. Both men are enroute to their training station.

Lt. Paul J. Plenni is off to attend a special officer's training course, in one of several developments that affected officers of the Post.

Lt. William H. Stonaker was made an assistant operations officer, Maj. George D. Coolidge was detailed as fire marshal. Lt. Elwyn P. Smith was awarded a service ribbon for one war theater of operation.

Mrs. Marjorie Schanderl and Mrs. Ella Loth Johnson, well known Villagers, are spending the summer at Idyllwild.

## TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs

By S-Sgt. Russel H. Genich

### AN EVER PROGRESSING SPECIAL SERVICE DEPARTMENT

Special Service has brought a new high in patient and soldier entertainment to Torney, aided and abetted by other department and individuals both military and civilian. The Post Engineer has made possible a fine new outdoor stage which will accommodate an size show. Last Monday night's show is proof of its versatility.

The Monday night Special Service Show, brought to TGH through the efforts of George E. Stone, Hollywood character actor, and featuring the Freddy Martin band, Joe Jackson and Trixie (Ice Capades), Chill Wills, and Margaret Whiting, proved to be one of the finest entertainments ever given at a military post.

### ENTHUSIASTIC CROWD

Stone M. C'd the show, which set a terrific pace from start to finish, playing to the largest audience ever assembled at this hospital. Freddy Martin and company proved to be just what the doctor ordered. The crowd clamored for more and more numbers.

The daughter of a nationally famous song writer, Margaret Whiting, scored with several swing styled present day numbers and a medley of her father's songs. Chill Wills, now in running for the portrayal of Will Rogers in the forthcoming Pix of his life, brought down the house with songs and homespun humor.

### KING OF PANTOMIME

Joe Jackson, Jr., and Trixie proved conclusively why they are starred in the Ice Capades show. Joe's pantomime is unsurpassed and good for a thousand laughs, and Trixie's juggling is strictly spectacular. In a word, the show was a dinger!

The personal appearance of Johnny Weissmuller at TGH has been promised for the immediate future. Watch for the date.

### TENNIS STARS TO GIVE SHOW

A star-studded tennis troupe, headed by the famed "Bill" Tilden, will show for soldiers stationed in this area at the Tennis Club on Sunday, June 20, at 2 p. m. The troupe includes Bobby Kring, Don Harris, Maury and Baba Lewis, and Gloria Butler, all first rate exponents of the racket art.

All will remember "Big Bill" as the fellow who was acclaimed the "greatest of the great" by many sports experts a few years back.

Arrangements for this show were handled by the USO Camp Show Office at Camp Young in cooperation with the TGH Special Service Department.

### G. I. HOP

Torney experienced a novel innovation for this organization when 50 lovelies from Los Angeles were brought to this hospital through the efforts of the USO Mobile Unit Sun and Sand Caravan to be guests of the boys of the Sanitary Units at their initial GI Hop. Though the dance was outdoors and the evening was a mite cool, the spirit was not, and everyone had a rip snortin' time. Feature of the evening was a jitterbug contest which produced some fancy rug cutting. Craig Davis of the 742nd and Martha

Williams were the number one hep cats of the first of the two contests. Pfc. Leland Jones of the 737th and Vivian Wilder stole top honors in the second round.

A beauty contest run in conjunction with this dance, and judged by Mr. Richard Lang of RKO Studios, produced a lot of interest and a winner truly worthy of the name. Mildred Gouthier stole top honors in this contest.

The hospital Dietetic Department provided the buffet supper and refreshment which, in addition to the floor show, presented by USO Camp Show Unit, made the evening a complete success. A vote of thanks to Mrs. Anderson of the local Roller Rink who helped to provide quarters for the Sun and Sand girls.

### STUFF 'N MORE

Pvt. Joe Becker of the Med. Sec. is off in quest of high education at the U. of Oklahoma.

Hospital personnel said s'long to 2nd Lts. Teresa E. Scholl and Lennie Carlson who left this post for another assignment.

Lt. Col. Joseph D. Manges is attached to TGH for temporary duty in the Vet. Sec. while Lt. Miller is on leave.

1st Lt. Lester N. Briones, Dental Corps, and 2nd Lt. Frederick W. McEntire, Post Exchange Officer, reported for duty the past week.

Gone but not forgotten, 1st Lt. Joseph S. Sickler, Torney's first and only Postal Officer to date. Lt. Sickler was directly responsible for the fine record the TGH Post Office has made, and we wish him the best of everything at his new station.

T-4 Walter Dammer, T-5 Loyd Hamilton, T-5 Eugene Morton, Pfc. Orville Reeder and Pvt. Russell Kerst of the Med. Sec. left this hospital for another Post.

The 22nd General Hospital has announced the organizing of a new eight team bowling league. 22nd has entered four teams and the Ferry Command a like number. The teams met for their initial session last night. Results to be announced later.

Warrant Officer Carlton J. Spring (C) left Torney for another Southwestern station.

## Recreation Board's Request Is Granted

Upon recommendation of the Recreation Commission, the city council Wednesday approved the appointment of an assistant at the Field Club to work half days the remainder of June to aid M. V. Hayes, caretaker there, and to work full time as caretaker July 1 to 15 when Mr. Hayes is on vacation.

### NOTICE OF DISSOLUTION OF PARTNERSHIP

NOTICE IS HEREBY GIVEN: That the co-partnership heretofore existing under the name of "Wills & Martin" and "The Plaza Cleaners" at 34 The Plaza, in the City of Palm Springs, County of Riverside, State of California, is this day dissolved by mutual consent, Arthur E. Wills having purchased the interest of Raymond W. Martin. All persons who are indebted to the undersigned are respectfully requested to come forward and make payment immediately. Dated at Palm Springs, California, this 1st day of June, 1943.

ARTHUR E. WILLS

RAYMOND W. MARTIN

IN THE JUSTICE'S COURT OF RIVERSIDE TOWNSHIP, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA  
Summons  
Action No. 4278

JAMES F. McDILL, as Deputy, Division of Labor Statistics and Industrial Relations, Department of Industrial Relations, State of California, Plaintiff vs. LOIS KELLOGG, Defendant.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO: Lois Kellogg, Defendant.

The above named Plaintiff, having brought action against you in the Justice Court of Riverside Township, County of Riverside, State of California, by filing a complaint (copy of which is required to be served herewith):

YOU ARE HEREBY DIRECTED to appear and answer (in writing) the said complaint within ten days (exclusive of the day of service) after the service on you of this Summons, if served within the County of Riverside; and within thirty days if served elsewhere. And you are hereby notified that unless you so appear and answer (in writing) said complaint as above required, said Plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Given under my hand and seal this 19th day of May, 1943.

(SEAL)  
R. A. MOORE,  
Justice of the Peace of the County of Riverside, State of California  
Attest, Virginia Vagliaro  
Clerk

## Villagers Reminded To be Sure to Use Zone Number Plan

Another reminder was issued to Villagers this week by Postmaster R. M. Gorham to address their mail properly to speed delivery.

Twelve California cities are now using the new system whereby a zone number is added to the address. In addition to Los Angeles, other California cities using the zone number system are Berkeley, Fresno, Glendale, Long Beach, Oakland, Pasadena, Sacramento, San Francisco, San Diego, San Jose and Stockton.

The system was evolved because of the great number of new and inexperienced personnel now in the post offices. Post office authorities explained that when mail arrives addressed to residents in most large cities, it first goes to the main post office and from there is dispatched to its proper branch offices by couriers. To make this distribution it is necessary for postal clerks to memorize the delivery area of each carrier in the entire city. The new number system makes it unnecessary for inexperienced clerks to do this memorizing, a long task.

## Dance Regulation Law Amendment Is Presented Council

First reading of an ordinance amending Ordinance No. 40, the city's dance regulation law, was presented city council Wednesday night.

The new measure is designed to simplify issuance of dance permits, applications for which come in between council meetings for dances to be held before the next council session.

Under its terms the chief of police is empowered to issue temporary permits, valid until the following council session, after he satisfies himself that all requirements of the law are met and with the approval of the fire chief and building office.

The measure comes up for final vote June 29. It was authorized at the June 2 meeting of the council.

Mrs. Thomas Ridge of Kansas City, Mo., arrived in Palm Springs Thursday morning to spend the summer here. She plans to make the Village her permanent home.

Pay Telephone Bills before the 30th and receive your discount.

Championship of the Palm Springs Army Soft-ball league still remains to be decided.

Scheduled to clash last Monday night at the Field club for the title, the undefeated Night Flyers of the 21st Ferrying Group, Ferrying Division, and the Torney General Hospital enlisted men, will meet this Monday instead, due to postponement of the game for unavoidable military reasons.

Both teams have won six games apiece.

The delay of a week will benefit the hospital crew inasmuch as their star pitcher was ailing last week and another star player was said to be on furlough. The Night Flyers, too, will profit from having a regular infielder back from his furlough.

The game had to be suddenly called off late Monday because of an operation that required all of the personnel of the air base to be on duty on the field.

## New Gym at Post Will Open June 24 With Gala Program

The new gymnasium at the 21st Ferrying Group post here will open next Thursday night and a gala celebration is being planned, according to Lt. Edgar Sinnott, special services officer.

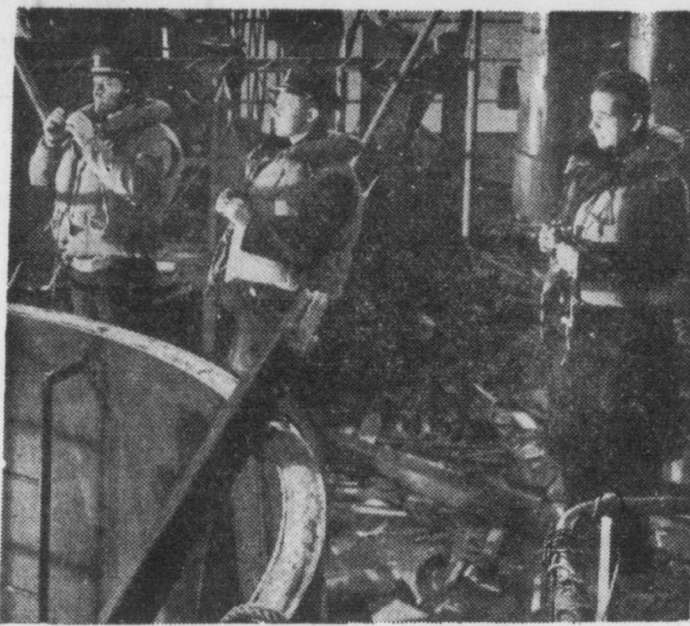

Lt. Sinnott and Sgt. George Goodale are in Hollywood to arrange for the appearance of theatrical celebrities to entertain the post that night. A dance will be held and the night will be for amusement—to be followed daily then by hard, physical exercise.

## Air Base Officers Win Another Game On Softball Field

The Air Base Post's Officers' softball team hung up another victory during the week when they defeated the Post Airlines team, 17 to 7.

An outstanding feature of the game was the pitching of Lt. Walter Farris, Post chaplain, who had reported to the field only that day. He pitched effectively until he retired from the mound with an overwhelming lead. Lt. Mike Frankovich poled a home run.

Walter Z. Allen, well known local realtor and securities dealer, reported this week that Mrs. Allen, who had gone to Long Beach for her health after several weeks of illness, was feeling much better these days.

THRILLING—Humphrey Bogart in a scene from his latest thriller, "Action in the North Atlantic," the story of a sinking torpedoed ship brought back to port, at the Plaza theater for four days starting Sunday, June 20.

## Both Sides of the Marital Business Booming in County

June, 1943, is well on its way to set a marriage license record in Riverside county according to County Clerk Gordon Pequegnat.

The first 16 days of the month saw 155 couples apply for marriage licenses, an all-time high for that period of the "month of brides."

At the same time a new record was threatened on the opposite side of the marital ledger. During the 16 day period, 38 divorces were granted and 31 divorce suits filed, a new high mark for the county.

## Chief Sanard Goes To Riverside for FBI Conference

Chief of Police Lyle J. Sanard of the Palm Springs police department was among those present when H. Nathan of San Diego, special agent for the Federal Bureau of Investigation, conducted a quarterly FBI conference Wednesday at Riverside.

Nathan discussed methods of controlling subversive activities and sketched recent innovations in FBI work.

Jack Allen, personnel manager for the California Electric Power company, spoke on safety engineering in relation to the war effort and E. E. Smith, county superintendent of schools, discussed juvenile delinquency.

The meeting was attended by members of the Riverside County Peace Officers' association and was held at the American Legion club house at the county seat.

## Noted Entertainer Joins Personnel at 22nd Hospital Here

Freddy Witkop, noted in the entertainment world, is a new arrival in Palm Springs. He is attached to the 22nd General hospital here, having been transferred recently from Camp Grant.

At Camp Grant he was one of the headliners of the Bond show which played to an audience of more than 2,000 and collected \$175,000 in bond sales. The show was featured in an article in Life magazine recently.

Until his induction into the army he was the dancing partner of the widely known Argentinia, appearing under the name of Frederic Rey. He was also costume designer for various New York musical shows and for the latest edition of the Icecapades, which showed at Hollywood.

**Germans Remembered**  
When Prime Minister Churchill arrived at Tripoli on his recent African trip a band greeted him with "Up with the Bonnets of Bonny Dundee." If the Prime Minister recognized the tune he must have smiled for it was Dundee in 1922 that he suffered his most notable electoral defeat and residents of the city still claim jokingly that their rejection of Churchill is responsible for the comparatively kind treatment they have received from German bombers.—Montreal Star.

A wise man will desire no more than he may get justly, use soberly, distribute cheerfully, and leave contentedly. — Richard E. Burton.

## No Yellow Stamp, No Gasoline Book, Uncle Sam's Edict

This time Uncle Sam wants every motorist to have his new yellow Use Tax sticker on his windshield on July 1, said Postmaster R. M. Gorham.

Heretofore many motorists, because they thought the revenue department was too short of manpower to check up, put off buying, sometimes for weeks.

But now the government has a new club. There'll be no ration books or renewals unless the motorist has his yellow sticker.

The new stickers are now on sale and cost \$5 each.

## Paintings of Local Artist Included in St. Louis Exhibition

The largest single collection of paintings by leading contemporary conservative artists of the United States ever shown in any city, went on exhibition at the St. Louis Art Museum June 12 and will remain there for one month.

Sixty three nationally known artists are included in the National Art show which features only pictures painted within the last ten years, many of which have won coveted art prizes in the country.

Among the noted artists represented is Paul Dougherty of Palm Springs.

## BUILDING PERMITS

June 11—James Henderson, 564 Calle Encilia, addition and repairs to dwelling, \$100.

"I'D LIKE AN OLD-FASHIONED FARM WHERE THEY HAVE PLENTY OF SHADE AND HAMMOCKS."

"Easy now—it may be a booby trap!"

## Meat Price Slash To Save Southland \$1,000,000 Monthly

When the "rollback" of retail meat prices goes into effect throughout Southern California June 21, housewives of the area will be saved approximately one million dollars per month, according to figures prepared and released today by OPA statisticians.

The cost to the government in order to gain this saving for the Southland housewife is about \$400,000, OPA said, a net saving of approximately \$600,000.

Packers are paid subsidies which will average slightly more than one cent per pound. The difference between the consumers' savings and the packers' subsidies OPA said, is taken care of in the various mark-ups as the meat is passed along the regular trade channels.

Packers started on the government subsidy program June 7, with the prices rolled back starting June 14. Wholesalers begin cutting their prices, June 19, while the retail rollback is effective June 21.

Subsidy prices to the packer as announced today by OPA are: \$1.10 per hundred pounds; hogs, \$1.30 per hundred pounds; sheep, and lamb, 95c per hundred pounds.

## Village NHA Head In Los Angeles at Southwest Meeting

Culver Nichols, Palm Springs manager for the National Housing association, left Thursday morning for Los Angeles where he will attend a three-day conference of NHA local managers from southern California and Arizona cities.

The conference, with high officials of the NHA, will be devoted to plans for meeting the critical housing situation in the southwest.

Last week a meeting of NHA and HOLC officers with army officers here was held at Mr. Nichols' office at Torney General Hospital on the local situation.

Several conversion projects in which buildings, erected for other purposes will be converted into dwelling units, are now under consideration here.

## Flag Day Exercises Held by Supervisors

Brief Flag Day exercises were held in the Board of Supervisors rooms at the county court house Monday, county employees putting on the program with supervisors joining in.

County Recorder Jack Rose presided as chairman. District Attorney John Nebbett spoke on the significance of Flag Day and Deputy Sheriff Jack Bennett led the group in the oath of allegiance.

The language of tones belongs equally to all mankind, and melody is the absolute language in which the musician speaks to every heart. — Richard Wagner.

## It's a Baby Boy for Mr. and Mrs. Wilson

Mr. and Mrs. William Wilson, former resident of Palm Springs, became the parents a 7 pound, 9 ounce boy last Friday according to word received by Mrs. Altha Wilson of the Indianola, grandmother of the new arrival who has been named William Bordman Wilson, Jr.

Mr. Wilson is a graduate of Palm Springs high school where he was a prominent athlete starring especially on the gridiron.

Agricultural tests have shown that potatoes planted across the slope on the contour yield 5% to 15% more than those planted up and down hill.
